<b>Total percentage of top 10 investments</b>	<b>17.7%</b>
<b>Total number of investments</b>	<b>1,468</b>

#### Investment mix (March 31, 2026)

### How risky is it?

The value of the Fund can go down as well as up. You could lose money.

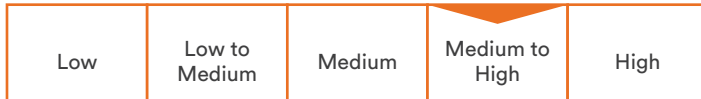

One way to gauge risk is to look at how much a fund's returns change over time. This is called "volatility".

In general, funds with higher volatility will have returns that change more over time. They typically have a greater chance of losing money and may have a greater chance of higher returns. Funds with lower volatility tend to have returns that change less over time. They typically have lower returns and may have a lower chance of losing money.

## Risk Rating

1832 Asset Management L.P. has rated the volatility of the Fund as **medium to high**.

This rating is based on how much the Fund's returns have changed from year to year. It doesn't tell you how volatile the Fund will be in the future. The rating can change over time. A fund with a low risk rating can still lose money.

For more information about the risk rating and specific risks that can affect the Fund's returns, see the "Who Should Invest in this Fund?" section of the Fund's simplified prospectus.

## No guarantees

Like most mutual funds, this Fund doesn't have any guarantees. You may not get back the amount of money you invest.

## How has the Fund performed?

This section tells you how the Series A units of the Fund have performed over the past 10 years. Returns are after expenses have been deducted. These expenses reduce the Fund's returns.

### Year-by-year returns

This chart shows how the Series A units of the Fund performed in each of the past 10 calendar years. The Fund dropped in value in 2 of the 10 years. The range of returns and change from year to year can help you assess how risky the Fund has been in the past. It does not tell you how the Fund will perform in the future.

### Best and worst 3-month returns

This table shows the best and worst returns for the Series A units of the Fund in a 3-month period over the past 10 years. The best and worst 3-month returns could be higher or lower in the future. Consider how much of a loss you could afford to take in a short period of time.

	Return	3 months ending	If you invested \$1,000 at the beginning of the period
Best return	13.1%	June 30, 2020	Your investment would rise to \$1,131
Worst return	(15.2)%	March 31, 2020	Your investment would drop to \$848

### Average return

As at March 31, 2026, a person who invested \$1,000 in Series A units of the Fund 10 years ago would now have \$2,917. This works out to an annual compound return of 11.30%.

## Who is this Fund for?

The Fund is suitable for investors with medium to high risk tolerance and with long-term time horizons who are looking for capital appreciation.

## A word about tax

In general, you'll have to pay income tax on any money you make on a fund. How much you pay depends on the tax laws where you live and whether or not you hold the fund in a registered plan such as a Registered Retirement Savings Plan or a Tax-Free Savings Account.

Keep in mind that if you hold your fund in a non-registered account, fund distributions are included in your taxable income, whether you get them in cash or have them reinvested.

## How much does it cost?

The following tables show the fees and expenses you could pay to buy, own and sell Series A units of the Fund. The fees and expenses – including any commissions – can vary among series of a fund and among funds. Higher commissions can influence representatives to recommend one investment over another. Ask about other funds and investments that may be suitable for you at a lower cost.

### 1. Sales charges

There are currently no sales charges payable when you buy, switch or redeem Series A units of the Fund.

## 2. Fund expenses

You don't pay these expenses directly. They affect you because they reduce the returns of the Series A units of the Fund.

As of December 31, 2025, Series A units of the Fund's expenses were 1.07% of its value. This equals \$10.70 for every \$1,000 invested.

	Annual rate (as a % of the Fund's value)
<b>Management expense ratio (MER)</b> This is the total of the Series A units of the Fund's management fee (including the trailing commission), administration fee and operating expenses as of December 31, 2025. 1832 Asset Management L.P. waived some of the Fund's expenses. If it had not done so, the MER would have been higher.	1.06%
<b>Trading expense ratio</b> These are the Fund's trading costs as of December 31, 2025.	0.01%
<b>Fund expenses</b>	<b>1.07%</b>

### More about trailing commissions

The trailing commission is an ongoing commission. It is paid for as long as you own the Fund. It is for the services and advice that your representative and their firm provide to you.

1832 Asset Management L.P. pays the trailing commission to your representative's firm. It is paid from the Fund's management fee and is based on the value of your investment. A trailing commission is equal to 0.4% of the value of your investment each year in recognition of the services provided. If you invest \$1,000 annually, a 0.4% commission would equal to \$4.00.

## 3. Other fees

You may have to pay other fees when you buy, hold, sell or switch units of the Fund.

Fee	What you pay
<b>Transfer-out Fee</b>	\$125.00 charged by your representative's firm for a transfer to another financial institution.
<b>Short-term trading fee</b>	Using the NAV of the prior business day, 1% of the value of units you sell or switch within 30 days of buying them. This fee goes to the Fund.

### What if I change my mind?

Under securities law in some provinces and territories, you have the right to:

- withdraw from an agreement to buy mutual funds within two business days after you receive a simplified prospectus or Fund Facts document, or
- cancel your purchase within 48 hours after you receive confirmation of the purchase.

In some provinces and territories, you also have the right to cancel a purchase, or in some jurisdictions, claim damages, if the simplified prospectus, Fund Facts document or financial statements contain a misrepresentation. You must act within the time limit set by the securities law in your province or territory.

For more information, see the securities law of your province or territory, or ask a lawyer.

### For more information

Contact 1832 Asset Management L.P. or your representative for a copy of the Fund's simplified prospectus and other disclosure documents. These documents and the Fund Facts make up the Fund's legal documents.
